Authors:

Reviewer's name:

Confidential report to the editor

Manuscript rating:

	OUTSTANDING	GOOD	AVERAGE	POOR
Importance of topic/Suitability for the Journal				
Abstract				
Methods/design				
Statistical analysis (if applicable)				
Soundness of Conclusions/Interpretation (based on data/results)				
Quoted references				
Adequate illustrations or drawings and tables				
Grammar/spelling				

Overall recommendation:

- Accept without revision
- Accept with minor revision
- Major revision required, with possible re-review
- Reject

Radiology and Oncology (ISSN 1318-2099) is a multidisciplinary journal devoted to the publishing of original and high quality articles in diagnostic and interventional radiology, computerized tomography, ultrasound, magnetic resonance, nuclear medicine, radiotherapy, clinical and experimental oncology, radiobiology, radiophysics, and radiation protection. Therefore, the scope of the journal is to cover diagnostic and therapeutic aspects in oncology, which distinguishes it from other journals in the field.

Open access on the web: ISSN 1518-3207 www.versita.com/science/medicine/ro/ www.onko-i.si/radioloncol/
